## Invitation Letter

### *Establishment of the MSCA Alumni Club Slovenia*

The initiative group of former and current researchers, who have been or are still being funded by the Marie Skłodowska Curie Actions (MSCA) schemes under the European Research Framework Programs has started a process to establish an MSCA Alumni Club in Slovenia under the auspices of the [Marie Curie Alumni Association](#).

MARIE CURIE ALUMNI ASSOCIATION

The purpose of the club is to promote local networking among members, recruitment of new members and participation in European and national MCAA activities.

Bringing together former and current MSCA researchers in Slovenia is very important for maintaining and developing an international culture of knowledge and for mutual exchange of experiences, views and knowledge, as well as for mutual cooperation and support of new candidates in applying for MSCA calls within Horizon Europe and also beyond.

The Ministry of Education, Science and Sport supports the establishment of MSCA Alumni Club in Slovenia and would like to cooperate with all former and current MSCA researchers in various activities related to the promotion and role of MSCA principles in the national scientific research and innovation system.

Therefore, we cordially invite all current and former MSCA researchers associated with Slovenia to register and join the group at:

<https://www.mariecuriealumni.eu/groups/slovenia-regional-group>

and actively participate in the design and implementation of the MSCA Alumni Club program in Slovenia. To join the group first log in (top right "log in" or "sign up" if you are not registered yet). Then open GIG Slovenia Regional Group and join the group by clicking "follow" or "join". Based on the number of members in the GIG, the MCAA will judge if there are enough members who are active enough to start a club.

Following your membership of the MSCA Alumni Club, we will organize a meeting to discuss further cooperation, goals and tasks of the club. One of the first tasks will certainly be to participate in the next MSCA conference planned by the Ministry of Science, Education and Sport during the Slovenian Presidency of the Council of the EU in November 2021.

Kindly invited to join!

Dr. Urška Lampe, MCAA authorised person for the establishment of the MSCA Alumni Club Slovenia

Dr. Tinkara Tinta

Dr. Manja Žebre

Dr. Sebastian Dahle

Dr. Matjaž Humar

Dr. Borut Klabljan

Dr. Matic Lozinšek

Dr. Tea Romih, president of Mlada akademija

Dr. Andreja Umek Venturini, MIZS, NCP ERC

Dr. Gita Zadnikar, MIZS

Dr. Peter Kumer, MIZS

Dr. Stojan Sorčan, MIZS, NCP MSCA
